Dear IPS Families,

Effective January 1, 2018, VAT will be with us in Saudi Arabia. This will apply to many goods and services including school tuition and fees. Any fees paid in advance for services rendered after January 1 will incur this VAT obligation. **Any outstanding balances paid after January 1, 2018 will incur VAT charges.**

All invoices issued by IPS will now reflect this obligation. Invoices for the 2nd half of our school year (including any VAT obligations from previous payments or obligations) will be sent in the first part of January. Thank you for attending to these when they arrive.

Thank you for being with us this year.

Sincerely,

Jim Leahy
Director
